

# An unforgettable night

---

**I was invited to a Halloween party.**

**I was preparing when they rang the bell. They were my husband's family and friends; they were coming to spend the weekend. Then, we all dressed up.**

**We arrived at the party, where they had prepared a very terrifying house. At the entrance, there was a very real cemetery.**

**Very scary!**

**We met many people from many places. All of them were dressed in costumes for the occasion!**

**We won the second prize. We were very happy!**

**We remember that night as an unforgettable and fantastic night.**

**But we specially remember a great friend. Anywhere he is, we will never forget him.**

**Dedicated to you my friend.**
